

Our operational changes are keeping you safer.

Your Assessor's Office has gone virtual!
But don't take our word for it: Visit us online
at www.nolaassessor.com and explore all
our online options!

The Orleans Assessor's Office offers more services online:

- Our informative, comprehensive, free and user-friendly website makes available property valuations for all 166,000 property parcels in Orleans Parish
- Property records can be searched for online, their value and sales history reviewed, as well as that of neighboring properties...and each parcel can be seen at street level or by satellite map
- A comprehensive directory of all tax-exempt properties is now online
- Appeals of residential and commercial assessments can be done online
- Personal Property filings required annually for businesses can be done online
- Because customer service is now available to the public virtually via video, phone or email, the protections of social distancing are provided. And our website is easy to access from mobile phones, electronic tablets and computer desktops
- Our government offices are still open too on weekdays from 8:30 a.m. to 4 p.m.
